

BUSINESS BLOCKS IN ROCHESTER BURN LOSS \$5,000,000

Flames Lick Up Several Immense Buildings.

Business Section of Nicholson, Pa., Destroyed Today.

Fire That is Beyond Control Rages at Wapello, Ia.— Hundred Thousand Dollar Blaze at Brainard, Mich.—Many People Thrown Out of Em- ployment and Others Homeless.

ROCHESTER, N. Y., Feb. 26.—Fire which broke out at 5 o'clock this morning threatened to destroy the business section of this city. The fire started in the basement of the Rochester Dry Goods company, with an explosion. In ten minutes the six story building was ablaze. Sibley, Lindsay & Currs' seven story building went next, then the twelve story building at the corner of St. Paul and Main streets, was attacked and destroyed.

Guests at the Eggleston and Whitcomb hotels were called from their rooms, but the hotels are still intact. By 8 o'clock half a square was burned over causing a loss estimated at \$4,000,000. The Buffalo and Syracuse fire companies are helping to fight the flames.

Next to the twelve story building at the corner of St. Paul and Main streets, is a five story marble block. This was the next prey of the flames and at 9 o'clock its front walls fell into the street. Several dwellings on Mortimer street also burned, but the inmates got out in time.

Over 3,000 employees in downtown stores will be out of work until the firms can resume business in temporary quarters. Altogether seventeen big business houses burned and the tenants of twelve office buildings were burned out. The fire at 10:15 o'clock was under control. The most conservative estimate makes the loss over four millions, well covered by insurance. There were no serious casualties.

FIRE SPREADING AT NICHOLSON.

SCRANTON, PA., Feb. 26.—Fire broke out this morning in Nicholson, 22 miles from this city on the line of the Delaware, Lackawanna and Western railroad, which threatens to destroy the entire business section of the city. At 10:30 o'clock, ten buildings were in ruins and the fire was still burning fiercely. Dozens of families are homeless and the business section of the town is destroyed. The loss now amounts to \$75,000.

The fire facilities of the town were inadequate to combat the flames and two fire companies from this city were hurried to the burning town at an early hour on a special train. The flames broke out in the dwelling of Dr. Kelley and was caused by an overheated stove. The fire soon communicated with Ogden & Pratt's drug store and the postoffice, both of which were totally destroyed. The flames are still spreading.

IOWA BLAZE IS BEYOND CONTROL.

BURLINGTON, IA., Feb. 26.—A message from Wapello, Iowa, this morning asks for assistance in fighting a fire which is reported to be beyond control.

MICHIGAN HAS A \$100,000 FIRE.

BRAINARD, MICH. Feb. 26.—Fire last night destroyed the L. M. Kopp dry goods store, Linneman Brothers' clothing store and six other business places. Loss \$100,000.

FURTHER DETAILS OF TODAY'S BIG FIRE IN ROCHESTER, N. Y.

Rochester, N. Y., Feb. 26.—Ten minutes after the fire alarm was turned in this morning the six story building of the Rochester Dry Goods company was ablaze from cellar to roof, and the walls began to bulge. In less than a half hour the rear wall fell and the flames then went to the seven story fire proof Sibley, Lindsay & Curr company building in Division street. It was then that Buffalo and Syracuse were asked for aid. By 6:30 the fire had made a clean sweep of the Sibley, Lindsay & Curr company's seven story building. At 7 there was a series of explosions followed by the breaking out of flames in the 12 story building, corner of St. Paul and Main street, the loftiest structure in the city.

Half an hour after the fire had entered the building it was breaking out of the windows of the twelfth floor.

At 8 o'clock half a square had been burned over, causing loss estimated at upwards of \$5,000,000, and the fire was still spreading.

The Buffalo and Syracuse companies arrived just before 8 o'clock. At 8:15 o'clock it seemed as though the fire would cross the south side of Main street, east, and windows in the stores on the south side of the street began to crack under the terrific heat.

In the Sibley, Lindsay & Curr store there are over one thousand persons employed, while in the other establishments there are employed some fifteen hundred more. The total num-

ber of persons directly affected by the fire will number some 3000.

When the walls of the Sibley building fell north they crashed in several houses in Mortimer street. The occupants of these houses had been taken from their homes by the police.

Shortly after the north wall went down the west wall went into St. Paul street. This was followed by the explosion of the boilers that shot the flames into the granite building.

Up the rear elevator shaft the flames mounted to the twelfth story of the granite building, a height which the firemen were unable to attain. This building was considered absolutely fire proof. So fierce was the fire in the heart of this building that at 9 o'clock the front wall bulged perceptibly and the rear wall where the fire first appeared was becoming dangerous. At 8 o'clock the front of the five story marble block fell, going into Main street. No one was hurt.

At 10:15 the fire was practically under control. The loss will not exceed \$7,000,000. The fire did not reach Burke Fitzsimmons & Company.

This list of losses and insurance was furnished by several of the local insurance men. While it is regarded as fairly accurate it is admittedly very conservative:

Granite building, value \$600,000, insurance, \$400,000; loss \$250,000 at present. Buell building, value \$75,000, insurance \$60,000 total loss. Ellwanger & Berry building, value \$20,000, insurance \$15,000 total loss; Corwall building, value \$75,000, insurance \$50,000; total loss. Kirley building oc-

cupied by Rochester Dry Goods company, value \$35,000, insurance \$20,000, total loss. Building occupied by Wat, Over Shoe company, value \$10,000, insurance \$5,000; covered by insurance. Sibley, Lindsay & Curr Co., wholesale building, value \$250,000, insurance \$250,000; total loss. Stock in Sibley, Lindsay & Curr retail store, value, \$300,000, insurance \$300,000; total loss. Stock in Sibley, Lindsay & Curr wholesale building, value \$1,200,000, insurance \$1,000,000; total loss. Tenants in Granite building, loss \$200,000, insured for \$100,000. Tenants in Buell building, loss \$25,000, insurance \$20,000. Beadle & Sherburne Co., value of stock \$250,000, insurance \$300,000; total loss. Rochester Dry Goods company, estimated value of stock, \$150,000, insurance \$125,000; total loss. Tenants in Kirley building, estimated losses \$25,000, insurance \$20,000; total loss. Gibbons & Stock, music dealers, estimated loss \$15,000, insurance \$15,000. Walkover Shoe Co., estimated loss \$15,000, insurance \$12,000. The total loss occasioned by the fire will range between \$4,000,000 and \$5,000,000. At 10 o'clock the fire was under control.

The burned district from a point in Main street east, midway between Clinton avenue and St. Paul street, to St. Paul street, thence north to Division street and half way to Mortimer street. The fire wall of the Cox building stopped the flames on the north side. Up Division street the burned district extends about half a block. The total area burned over covers about three acres.

ON HIGH TRESTLE

Was the Runaway Horse—Engineer
Averts a Terrible Disaster.

Parkersburg, W. Va., Feb. 26.—A runaway horse almost wrecked a passenger train yesterday. The animal ran till it came to a trestle 60 feet high and got half way over when the Spencer accommodation on the Ohio River division of the B. & O. railroad came in sight. The engineer saw the horse in time to stop the train and save the lives of the passengers, for had the engine struck the horse the entire train would have been thrown into the ravine, 60 feet below.

SHOT A LAWYER

Then Merchant Knowles Fired Bullet Into His Own Brain Dying in a Few Minutes—A Tragedy at Buffalo Today.

Buffalo, N. Y., Feb. 26.—Hugh A. Knowles of the dry goods firm of Knowles & Gardner, which failed a few months ago, fatally shot Henry Schwartz, of the law firm of Schwartz & Baker, and then committed suicide at 10:30 this morning.

Knowles went to the office of Schwartz & Baker in the Marine bank building shortly after 10 o'clock. He first attempted to shoot Lyman M. Baker, one of Buffalo's most prominent attorneys, but Baker got out of his way. Knowles then rushed up to Schwartz who was in another room and fired a bullet which entered Mr. Schwartz' head near the temple. Schwartz is dying in a hospital.

Roland B. Crouble a prominent attorney, was talking to Schwartz when Knowles fired the shot.

When Schwartz fell from his chair to the floor, Knowles ran down the stairs to the sidewalk and shot himself in the head in front of the Marine bank on Main street. He died a few minutes later.

Knowles and Schwartz are alleged to have had trouble over the legal affairs of Knowles & Gardner. Knowles claiming Schwartz was largely responsible for the failure. The tragedy has caused a profound sensation.

Schwartz died at 1:20 this afternoon at the River-side Hospital. His body has four bullet wounds. Three bullets pierced his lungs.

SANTO DOMINGO

READY TO JOIN UNITED STATES IT IS SAID.

Six Times Have Warships Gone to Protect American Interests—Will Island be Taken In?

Washington, Feb. 26.—The probability of the little state of Santo Domingo being the next addition to the insular accretion in Uncle Sam's possession has become almost a certainty with the events of the past few days. A prominent official of the government admits that expressions of a desire to that effect had come from a body of natives in that island, who have been harassed by first one and then another of the three factions who have been fighting for supremacy for the past month. When asked as to the number and influence of these natives he replied with a twinkle in his eye, "At least as many as there were Filipinos who asked our interference there."

The situation in Santo Domingo has been critical to American interests for years. There never has been a time when a government was firmly enough seated to protect the interior. Six times the United States has been forced to send warships to their important points to preserve the safety of our consulates. One of the results of Secretary Leomin's visit will be a recommendation as to our permanent action as well as to our immediate movements for the preservation of order.

Santo Domingo, lying as it does midway between Porto Rico and Cuba, and within gunshot of some of the British Bahamas, has always been regarded as an important strategic point in the Indies. No less a soldier than U. S. Grant, while President, gave as his belief that it was the key to the control of the Caribbean and possible isthmian Canal routes. While President he sought its annexation so persistently as to raise a howl of protest in his own party.

It is pointed out that with the conclusion of the Panama treaty, which gives us 500 square miles more of tropical territory, Santo Domingo.

the Isle of Pines and the Danish West Indies are about all there is left loose around the Caribbean for us to assimilate, and the Republican acquisitive habit seems pointed that way. A treaty regarding the Isle of Pines, which is just south of Cuba, is "in the air." The purchase of the Danish West Indies is, however, strangely enough, blocked by the action of a political party in Denmark, who refused to sell. The desires of the Imperialists in Washington are constantly turned to Santo Domingo.

Santo Domingo is populated principally by negroes—in fact, almost entirely so. The density is not greatly compared to the area, as the population has been kept down by wars and bad sanitary means. It is fertile beyond any portion of the tropics, with the possible exception of some of the Cuban valleys. For these reasons from time to time it has been pointed to by many of the negro deportation schemes who seek to solve the American negro problem by a forced exodus.

With Panama the United States, since the beginning of the Spanish War, six years ago, made 12 distinct acquisitions of territory. Santo Domingo would make the unlucky thirteenth. They are Porto Rico, the Philippines, the Island of Guam, Hawaii, by voluntary annexation; Tutuila; the Samoan Island we got in a swap with England and Germany; Midway, a little island in the Pacific, recently acquired, and just big enough to land a cable on; Sibutu and Casayan de Jolo, of the coast of British North Borneo, which were forgotten by the makers of the treaty of Paris, and picked up in 1900 for \$100,000; that part of Alaska which we did not expect to get out of the boundary dispute; two coaling stations in Cuba by the terms of the recently ratified Cuban treaty, and now a ten-mile strip across the Isthmus of Panama and two coaling stations there. Perhaps there should be added the three small islands which are not charted in the Spanish maps of the Philippines, and which the United States navy grabbed recently over England's protest. Santo Domingo next?

FRENCHMEN USE AMERICAN FLAG

Washington, Feb. 26.—In a report to the navy department concerning recent visit to the insurgent generals outside the walls of Santo Domingo City, Ensign H. L. Brinser relates an interview which he had with General Arias, who was at the head of the revolutionary forces of that section, in which the latter made the serious charge that Frenchmen and Dominican soldiers were using the American flag to reach Santo Domingo in safety.

GROOM 21, BRIDE 69.

Prescott, Mich., Feb. 26.—J. C. Billings was yesterday married to Mrs. Thomas G. Nicholson, old enough to be his grandmother. The blushing bride confesses that she is 69 years of age, and also that she has 14 children by former marriages. Billings is 21.

Explosion Victims.

Wheeling, W. Va., Feb. 26.—Michael Tondocovich, one of those injured in the explosion at Bellaire, O. Thursday, died this morning in the city hospital. His wife died last night and two others who were injured are dying.

THE JAPANESE CLAIM MOUTH PORT ARTHUR HARBOR IS BLOCKED

No Doubt as to Safety of Toga's Fleet They Say.

The Details of Last Attack Are as Yet Lacking.

Navy Department Learns That Cruiser Cincinnati Has Sailed for Chemulpo--Jap Troops Dressed for Cold--Czar Issues Proclamation To- day--Latest War News.

ST. PETERSBURG, Feb. 26.—10:20 a. m.—The details of the reported attack on Port Arthur yesterday morning promised by Chief of Staff Pflug, have not yet been received.

WASHINGTON, Feb. 26.—The Navy department is informed that the U. S. cruiser Cincinnati has sailed from Shanghai for Chemulpo, Korea, where she will be retained for an indefinite period. The gunboat Vicksburg is now at Chemulpo and will also remain at that port or in that vicinity. The sending of the Cincinnati to the theatre of hostilities is in accordance with the policy of the United States to have only a small naval force in the zone of hostilities to care for American interests. A larger naval force, however, will be maintained at Shanghai, to be close at hand for any emergency.

JAPANESE CLAIM THEIR OBJECT WAS ATTAINED.

LONDON, Feb. 26.—The Japanese embassy in London this morning issued an official statement regarding the Japanese attempt to block the entrance to Port Arthur harbor Wednesday morning. The statement follows:

"Early on the morning of the 24th four old vessels were escorted by some torpedo boats round to the entrance of Port Arthur for the purpose of blocking the mouth of the harbor. The object of sinking the vessels was attained. The officers and crew returned in safety.

"Although there is no report regarding our fleet direct from Admiral Togo no doubt can be entertained regarding its safety."

CHANNEL

Is Sufficiently Blocked to Keep Big Warships In- side the Harbor.

Chifu, China, Feb. 26.—A report received from Japanese source today states that while the ships sunk at Port Arthur on Tuesday do not block the channel sufficiently to impede the passage of destroyers and small cruisers, the battleships will be unable to pass them. To this extent the dash was successful. The recent attack on Port Arthur by the Japanese are described as being merely efforts to cover the movements of transports. Admiral Togo is said to have had no idea of reducing the fortifications by attacks from the sea.

JAP SHIPS DAMAGED.

St. Petersburg, Feb. 26.—M. Gunzberg, official coal contractor for Russia in the Far East, telegraphs the home government that there are at the present moment in Japanese docks twelve Japanese warships of different kinds which have been damaged since hostilities began.

JAPANESE TROOPS DRESSED FOR COLD.

Tokio, Feb. 24.—(Delayed in transmission)—Three weeks ago it was thought in some quarters that the opening of the war would be speedily followed by a movement of the Russian forces toward the south. Pingyans being picked as their objective point. The appearance later of Russian scouts in the vicinity of Wifu tended to confirm this opinion and created the impression that there would be an early conflict in that vicinity.

If the Russians ever intended to make this movement they have apparently been beaten by the rapidly moving Japanese.

The latter are said to have a large enough force to check the Russians thus insuring the possession of Korea as soon as they are capable of making an aggressive northern movement themselves.

The small bodies of mounted Russians who were scouting south of the Yalu river speedily withdrew to the northward.

Storms are interfering with naval

operations. The Yellow sea is being swept by gales, heavy snow is falling and the weather is bitterly cold.

The forces of Japanese are going to the front splendidly equipped to withstand the cold, but despite their preparations both sides will suffer much during the next 60 days.

MILITARY MOVES

CHECKED BY ICE.

St. Petersburg, Feb. 26.—According to information received by well informed military men, the Russian army, which is intended to operate in Korea, will consist of an advance guard of two regiments of Siberian sharpshooters, a vanguard of 16 regiments of infantry, with 96 quick firing guns, three batteries of mounted guns and a corresponding force of cavalry. The main body will consist of 40 regiments including Cossack cavalry, with 300 guns.

SECURITY

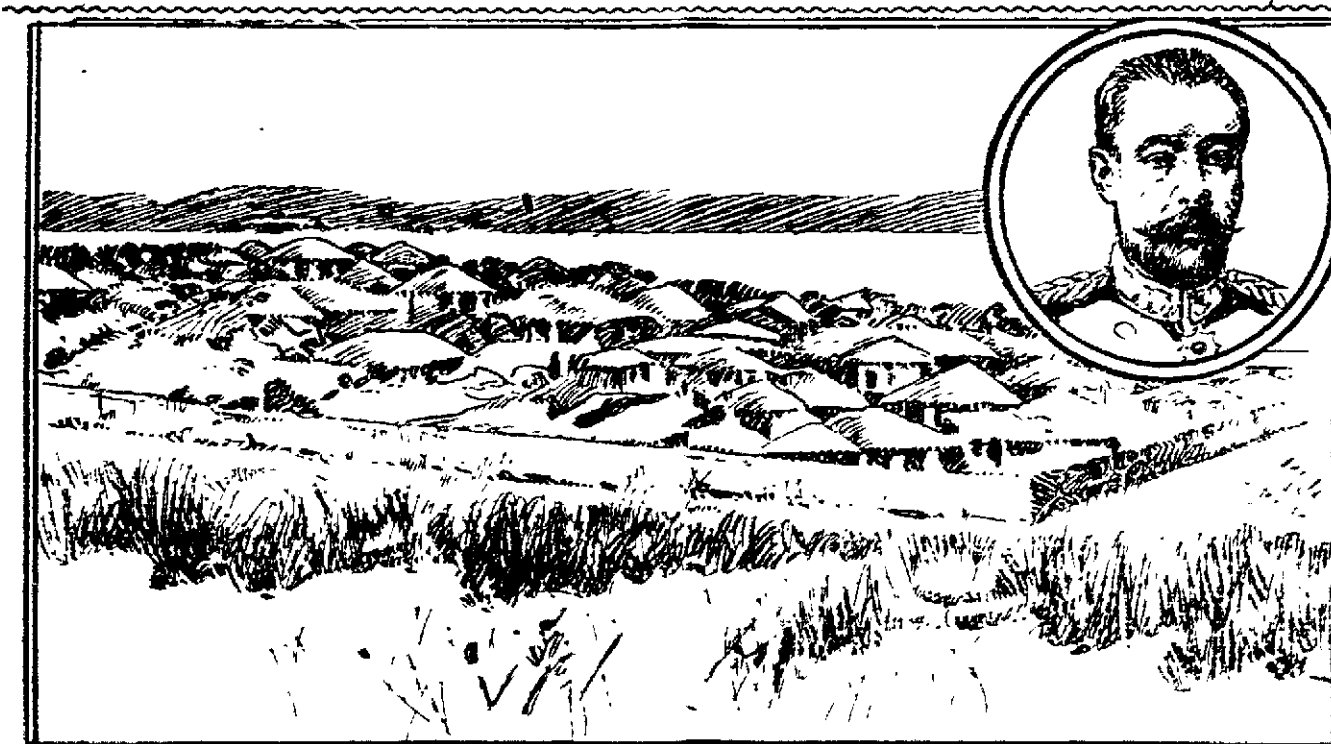

Marks Every Movement of the Japanese Government—London Paper's Comment.

London, Feb. 26.—War correspondents and Europeans in Japan, commenting in amazement upon the success of Japanese officials in preserving secrecy regarding all the operations of war, declare this "conspiracy of silence" is not only not confined to Government and service circles, but that it extends to every section of the community. All classes of people are subsisting with marvelous patience to being deprived of news, which they recognize as being imperative to the success of the cause. It is undoubtedly in pursuance of this policy that no Japanese account of the Port Arthur attacks has yet been published and none is expected until Admiral Togo has completed his designs there.

In the meantime if the report from Yin Kow of a Japanese landing near Vladivostok, which at present is based on missionary and native statements, should prove correct, a most important and new development in the Japanese operations will have been revealed, as it points to an attack on Vladivostok, from which Port Arthur is only a little over 70 miles distant.

The report that the railroad has

(Continued on Page Two.)

GENERAL OKU AND THE PORT OF MASAMPHO, OCCUPIED BY THE JAPANESE.

Masampo, Korea, occupied by the Japanese, is the most important strategic port on the Korean coast. Being near Fusan, it gives the Japs absolute command of the water through which all ships going from Port Arthur to Vladivostok must pass. General Baron Oku, commander of Japan's land forces operating in the eastern portion of Korea, is one of the shrewdest and bravest of the nation's generals.

SSS THE BEST TONIC

In S. S. S. Nature has provided a tonic suited to every requirement of the system when in a debilitated, run down condition. It contains no strong minerals or drugs, but is a pleasant vegetable preparation. You can find no better remedy for toning up the nerves and bringing refreshing, restful sleep when in a low state of health, or sick and worn out with work or worry.

S. S. S. improves the appetite, aids the digestion and reinforces the system, and its good effects are seen almost from the first dose. It acts promptly in cases of chronic dyspepsia, indigestion and all stomach troubles, and does away with the uncomfortable fullness, nausea, shortness of breath, drowsiness and dizziness that so often come after eating.

S. S. S. is not only the best tonic but possesses alternative or purifying properties, and if there is any taint, humor or poison in the blood it searches it out, and removes it. Many times a low state of health is due to a bad condition of the blood and can only be remedied by a blood purifier and tonic combined, or such a remedy as S. S. S.

If you suffer from debility, insomnia, nervousness, loss of appetite, bad digestion, or any of the symptoms of a disordered blood, nothing will so soon put your blood in good condition, invigorate and tone up the system as S. S. S.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

LIFE PLANT

CURED

Joseph T. Sawyer, of Trinway, Ohio, conductor, of

RHEUMATISM

Mr. Sawyer had rheumatism for 15 years. Tried many different kinds of medicine without obtaining relief. Two bottles of Life Plant cured him. Mr. Sawyer says:

Trinway, O., Oct. 10, 1903.

The Life Plant Co., Canton, Ohio.

Gentlemen:—I wish to thank you for the good LIFE PLANT has done for me and my family. I myself have had rheumatism for the past fifteen years and used all kinds of medicine without any relief. I am a conductor on the Pennsylvania Railroad and am well known. I will endorse the medicine to all my friends. LIFE PLANT is the greatest medicine on earth. I have used two bottles only and it has cured me entirely.

Yours truly,
JOS. L. SAWYER.

Life plant has cured 97 out of every 100 cases of rheumatism we have treated. In the past 18 months we have received 10,000 testimonials from rheumatic sufferers cured by Life Plant. A remarkable record. No matter how severe your case or how long standing you can try Life Plant at our expense. If it fails to cure you, your druggist will refund your money, and we will settle with him.

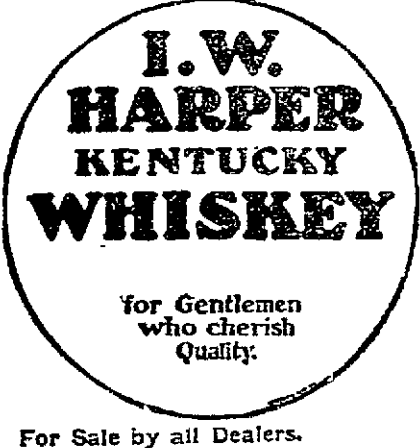

Price \$1.00 per bottle.

THE JAPANESE CLAIM MOUTH OF PORT ARTHUR HARBOR IS BLOCKED.

(Continued from Page One.)

been cut between Harbin and Vladivostok may possibly be connected with these operations, but until more reliable information is forthcoming, this report must be received with reserve. It has already been reported from Tokio that certain Russian forces were concentrating at Possiet Bay.

No further news of the attack on Port Arthur after the engagement in which the Japanese attempted to sink vessels in such a manner as to block the harbor entrance has reached London. Almost all the English newspapers, in discussing Viceroy Alexei's reports, incline to the belief that Admiral Togo succeeded in so far as to make the channel impassable for large battle ships, even if it is still free to smaller craft, and presume that the reported second attack, if it did occur, was devoted to an attempt to sink further obstacles to navigation.

The morning Post devoted a long editorial article to an historical record of the rapid growth of American activity in far Eastern affairs, comparing the present attitude of the United States with her passive interest in the China-Japanese war. The paper remarks, on the notable pro-Japanese feeling in the United States after such a long traditional friendship with Russia, and contends that American friendship for the empire was always artificial. Admiral Dewey's guns, the paper continues, literally shattered the superstition that Russia was the apparent friend and Great Britain the appointed enemy of the United States.

"We believe," the Morning Post concludes, "that the appearance of America as a working element in international affairs, and her unmistakable hostility to Russia, is destined to become epoch marking if not epoch making."

CZAR NICHOLAS

Issues Proclamation to the Russian Army Through His Chief Officer in Command.

St. Petersburg, Feb. 26.—The Czar today issued the following proclamation to the Russian army through General Kuropatkin, who was a few days ago relieved of the portfolio of minister of war and put in chief command of the land forces:

"Although as head of the military administration since 1898 you have worked with energy and assiduity to re-organize a perfect army, your work is not yet done. The hour has come when I must summon you to head my valiant army, to defend the honor and dignity of Russia and her sovereign rights in the far East. Knowing your brilliant gifts and eminent preparations for battle, I am glad to trust to you the responsible command of my Manchurian army against the Japanese."

"On your leaving your work as minister may God help you in your difficult task, which you have with self-denial assumed. In taking leave and thanking you for your six years work for the good of my dear army, I confer on you the order of Alexander Nevsky in brilliants. I wish you all success and trust you will transmit to my brave army my imperial greeting and blessing."

"May the blessing of God keep you unharmed."

"NICHOLAS."

HARBIN

Is the Key to the Strategic Situation, Declares Colonel Oka.

New York, Feb. 26.—In view of cable dispatches stating that a force of the Japanese army had landed at Possiet bay, a recent statement made by Colonel Oka, of the Japanese general staff, in which he declared that a dash for Harbin and Northern Manchuria would be one of the first moves of the campaign, proves interesting. A force at Possiet bay would flank the main Russian army on the Yalu, threaten Vladivostok and is in a position to dash for Koro and Harbin, cutting all communications and isolating the Russian troops in Manchuria from their base of supplies.

"Harbin," said Colonel Oka, "is the key to the strategic situation. Russia, with her troops scattered all over Manchuria, with big garrisons at Port Arthur, Mukden, Newchang and Vladivostok, would be unable to concentrate a force to meet the Japanese at Harbin."

COSSACKS GUARDING THE TRANS-SIBERIAN RAILWAY.

In guarding thousands of miles of railroad communications through Siberia and Manchuria Russia is compelled to utilize a horde of soldiers. The favorites for this important work are the Cossacks, who are the rough riders of the Russian cavalry.

Vostok, would, we consider, suffer by her decentralization. We think that by a great effort and much self sacrifice on the part of our troops, the rush upon Harbin, with its immense stores of ammunition, forage and provisions, would be a success.

Once in occupation we should hold the line at the vital point. To the south would be Port Arthur and Dairen, cut off from her line of communication. Both places would be at the risk of assault by the Japanese navy outside and the Japanese army on the land side. To raise the siege the garrisons would have to come out and fight in the open.

Koro is some 200 miles from Hunchun, however, and campaigning in Northern Manchuria in February is no pleasant undertaking. The temperature rarely goes above zero during winter in those latitudes. It may be that the Japanese movement is intended to flank the Russian position on the Yalu river.

AT POSSIET BAY

The Japanese Landed, and Are Now Marching on Kirin.

Yin Kow, Feb. 26.—A native reports that the Japanese have landed at Possiet bay, and subsequently undertook operations against Hunchun and towards Kirin. have received qualified confirmation from English missionary refugees who have arrived in Newchwang.

The people say the Russo-Chinese bank has removed from Kirin to Kwang Chang Tsi where commercial interests are seeking safety and defense.

A COSSACK WATCH STATION IN MANCHURIA.

Some time ago Russia, having heard that bands of Japanese were stationed at advantageous points along the Trans-Siberian railroad for the purpose of disabling Russia's only means of intercommunication between Russia and the east, established a system of watch stations in Siberia and Manchuria. The illustration shows one of these stations garrisoned by Cossacks, whose critical signals will be noticed over the men's hats.

shore outside Tiger bay. It is believed that these wrecks are not warships, but hulks, designed to be sunk at the entrance of the harbor. The wrecks are said to be all considerable distances from the harbor entrance, which remains open.

SACRED IMAGE

Of the Virgin Will be Taken to the Far East as a Mascot.

Moscow, Feb. 26.—The most sacred image in Russia has been taken to St. Petersburg and it will be taken later to the far East with the army.

This image is a representation of the Virgin appearing to Saint Sergius and is always kept at the Troitzko monastery. It is about one foot square and is covered with precious stones. The image has a remarkable history. It accompanied Alexis, Peter the Great and Alexander I. on all their campaigns. A novel tablet attached to it enumerates the battles at which the icon was present.

REBELS FUSILLADE

Was Too Strong for the Government Forces, Who Retired.

San Domingo, Monday, Feb. 26.—Government forces attacked San Pedro de Macoris last Saturday. They went in small boats with the intention of landing, but were received with a fusillade from the insurgents which resulted in many being killed or wounded. The gunboat Presidente then bombarded the town and inflicted much damage. The attack and the bombardment were renewed on Sunday. The rebels fired on the Presidente and damaged her about the water line. This obliged the gunboat to leave and return here.

The United States training ship Hartford arrived here yesterday to relieve the cruiser Columbia, which left for St. Thomas, D. W. I.

FROM TOWERS

Cossacks Watch the Manchurian Railway, Says the Chinese Officer.

Pekin, Feb. 26.—The Director General of Chinese railroads reports that 100 Russian infantrymen, an officer, a gun and a large supply of ammunition are at Yao-Yang-Ho, and that 200 Russian cavalrymen and two guns have arrived at Lui-Li-Chang. These towns are both on the west side of the Liao river.

The director general reports that the Manchurian railroad is guarded by detachments of Cossacks of 30 men each, who occupy high watch towers at intervals of a mile.

PANAMA.

Formal Exchange of Ratifications of Treaty Takes Place.

Washington, Feb. 26.—The formal exchange of ratifications of the Panama treaty took place at the State department shortly before 11 o'clock this morning between Secretary of State Hay and M. Philippe Bunau Varilla, minister from Panama.

IN THE HOUSE

Naval Appropriation Bill is Considered.—A Plea Made for More Torpedo Boats.

Washington, Feb. 26.—In the House today the committee of the whole considered the naval appropriation bill. The amendment by Mr. Roberts (Rep.) Mass., to increase from two to five the number of submarine torpedo boats was considered. Mr. Roberts argued that the splendid work of the Japanese torpedo flotilla in its attack upon the Russian fleet at Port Arthur had demonstrated torpedo boats to be the greatest engines of naval warfare. He quoted Admiral Dewey to the effect that with two submarine torpedo boats, he could meet the strongest army of England in the Atlantic ocean eight miles from Sandy Hook and keep them from reaching New York City.

Negotiations are proceeding between the Amsterdam and Antwerp diamond merchants for the formation of a combination which will enable them to fight the De Beers mine, which controls the world's output, and the London trust, which practically rules the trade.

Lame Back, Stiff Joints, Contracted Cords.

These afflictions have made thousands of life-long cripples. Thousands of cripples have been cured permanently by the use of the best and most reliable of all Family Medicines.

Hamlin's WIZARD OIL

PENETRATES THE PORES OF THE SKIN, REACHES THE SEAT OF THE TROUBLE, DRIVES OUT THE PAIN, CURES THE DISEASE.

Loans and mortgages written. All business entrusted to me will be promptly and carefully attended to.

Mrs. Elizabeth H. Thompson, of Lillydale, N. Y., Grand Worthy Wise Templar, and Member of W. C. T. U., tells how she recovered from a serious illness by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I am one of the many of your grateful friends who have been cured through the use of Lydia E. Pinkham's Vegetable Compound, and who can to-day thank you for the fine health I enjoy. When I was thirty-five years old, I suffered severe backache and frequent bearing-down pains; in fact, I had womb trouble. I was very anxious to get well, and reading of the cures your Compound had made, I decided to try it. I took only six bottles, but it built me up and cured me entirely of all my troubles. My family and relatives were naturally as gratified as I was. My niece had heart trouble and nervous prostration, and was considered incurable. She took your Vegetable Compound and it cured her in a short time, and she became well and strong, and her home to her great joy and her husband's delight was blessed with a baby. I know of a number of others who have been cured of different kinds of female trouble, and am satisfied that your Compound is the best medicine for sick women."—Mrs. ELIZABETH H. THOMPSON, Box 105, Lillydale, N. Y.

Thousands upon thousands of women throughout this country are not only expressing such sentiments as the above to their friends, but are continually writing letters of gratitude to Mrs. Pinkham, until she has hundreds of thousands of letters from women in all classes of society who have been restored to health by her advice and medicine after all other means had failed.

Here is another letter which proves conclusively that there is no other medicine to equal Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered with poor health for over seven years, not sick enough to stay in bed, and not well enough to enjoy life and attend to my daily duties properly. I was growing thin, my complexion was sallow, and I was easily upset and irritable. One of my neighbors advised me to try Lydia E. Pinkham's Vegetable Compound, and I procured a bottle. A great change for the better took place within a week, and I decided to keep up the treatment. Within two months I was like a changed woman, my health good, my sleep light, my eyes bright, my complexion vastly improved, and I felt once more like a young girl. I wonder now how I ever endured the misery. I would not spend another year like it for a fortune. I appreciate my good health, and give all the praise to Lydia E. Pinkham's Vegetable Compound."—Mrs. M. T. L. A., 407 Habersham St., Savannah, Ga.

Mrs. Pinkham has on file thousands of such letters.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Med. Co., Lynn, Mass.

OBITUARY.

GEO. B. MORSE.

Mr. Will D. Harris on Thursday evening received a telegram from Huron, Ohio, announcing the death of his father-in-law, Mr. George B. Morse, one of the most prominent citizens of that place, which occurred during the afternoon, as a result of the breaking of an abscess in the throat.

The news came as a great shock to Mr. and Mrs. Harris, the latter having just returned from a visit to her father on Wednesday of this week, and the access was causing no alarm and very little inconvenience.

The deceased was aged 52 years, and will be well remembered in Newark having spent six weeks here last summer as the guest of Manager Harris at Idlewild Park. He has also visited here more recently.

He leaves five children, two living in Newark, Mrs. W. D. Harris, and Mr. Otis Morse, paymaster of the National Construction company. The other children are George Morse, at present attending the Ohio State University, who was Mr. Harris' assistant at Idlewild Casino last season, Dr. Harry Morse, prominent physician of Huron, and Miss Mary, who lives at home.

The funeral will take place on Sunday afternoon at the home, under Masonic auspices.

Mr. Otis Morse left for Huron Thursday night and Mr. and Mrs. Harris will go up on Saturday morning.

THEOPHILUS KIRKPATRICK.

Theophilus Kirkpatrick, who years ago was a resident of Ulia, died at the home of his daughter, Mrs. S. K. Leacock in Keota, Iowa, last Saturday, February 20. He was aged 92 years, 6 months and 27 days. The deceased was a half-brother of the late J. M. Kirkpatrick. His wife, who died years ago, was Sophia Rabb, sister of Mrs. Julia Robinson of Ulia.

CARD OF THANKS.

We desire through the Advocate to return our sincere thanks to the friends and neighbors who so kindly assisted during the sickness and death of our aunt, Miss Harriet Piper, and also for the many beautiful floral offerings contributed. Mr. and Mrs. Geo. Piper.

A VERBAL WILL FILED.

A Peculiar Proceeding in Probate Court Friday Morning--Affairs of a Day in the Licking County Court House--Realty Transfers.

A peculiar proceeding was held in probate court Friday morning before Probate Judge W. A. Irvine, that has few if any counterparts in the history of the Licking county probate court.

The proceeding was the filing for probate of the will of Carl Rinninsland, a young German who died early this week of pneumonia, his only known relatives being a mere and nephew in Germany.

The will offered for probate was a verbal will, known in the law as a run cupative will, and was made by the testator in the presence of three legal witnesses, who are Jacob Steinkepper, Antone Oberfeld and Louis Moors. The law governing such a will is best explained in the language of the Statute, which is section 5591, and reads as follows:

"A verbal will, made in the last sickness, shall be valid in respect to personal estate, if reduced to writing and subscribed by two competent disinterested witnesses, within ten days after the speaking of the testamentary words; and if it be proved, by said witness, that the testator was of sound mind and memory, and not under restraint, and called upon some person present at the time the testamentary words were spoken, to hear testimony to said disposition as his will."

All these conditions were complied with by Rinninsland, during his last illness, the will was admitted to probate and now has the same force as if it had been a written document.

The estate, of course, is personal, consisting of about \$1,000 in a building association, which is devised to his niece and nephew in Germany.

Verdict for Brison.

In the case of Alex. Brison vs. P. P. Dyke, the jurors returned a verdict for plaintiff for \$400. The case will likely go to the Circuit court.

ABOUT PEOPLE

W. H. Whiteford is at Reform today.

Phil D. Miller was in Coshocton on Thursday.

L. D. Martin of Columbus, is in the city today.

James Kreager was in Mansfield on Wednesday.

Almon U. Thresher and wife to Wilson A. Holmes, inlet 4 in block 20 in Granville, \$1300.

many friends in Newark who are sorry to lose them from their midst, but wish them well in their new home.

Mr. Paulson, who was presented with a gold watch and chain by Jewett Car Works employees, showed his appreciation of the thoughtfulness of the employees by inviting them to a fine spread at the Tremont House in the evening.

Talk with Jordan.

CARD OF THANKS.

We wish to thank the lodges, the friends and neighbors for the floral offerings and kindness shown after the sad death of our father and husband. Mrs. Christine Stoen and sons.

EXCITEMENT

In Rotunda of Columbus Capitol Was Created by a Crank This Morning.

Columbus, O., Feb. 26—Much excitement was created this morning in the rotunda of the capitol by Frank Brady, a wild eyed Columbus citizen, who has been hanging around the building for two or three days. He had tried a number of times to force his way into the executive office and has been denied admission. This morning he went to the office and found it closed. He became boisterous and guards were called. Brady was ejected from the building. He was searched but no weapon of any kind was found on his person. The man is believed to be harmless.

IN JURY'S HANDS

Washington, Feb. 26—The Machen-Groff-Lorenz post office case went to the jury this morning shortly after 10 o'clock. Sam A. Groff will be found not guilty as the federal prosecutor said there was not sufficient evidence to convict. The fate of the others rests with the jury.

NOTICE.

The Keystone Commercial Company in the Stadel Building, have sold their interest to Mr. Leonard Larason, who will continue the business at the old stand.

Read the Advocate Want Column.

NEWS IN BRIEF.

A Daughter.

Samuel Walters is rejoicing over the arrival at his home of a little daughter.

Uniform Rank K. of P.

Home Made Cake.

The young ladies of Trinity church will give a home made cake, candy and bread sale tomorrow at Metz meat market, during market hours.

Nine Pound Boy.

Born, to Mr. and Mrs. Carl Werner, at their home, 311 West Main street, on Thursday night, a nine young baby boy. Mr. Werner is car inspector at the Jewett car works.

Lost a Colt.

Charles Keller a well known and successful young farmer who lives about three and a half miles north of the city, had the misfortune to lose a fine colt a night or two ago. The colt accidentally caught its head in a halter during the night and choked to death.

Mrs. Geo. Scott III

Word has been received here that Mrs. Anna Scott, wife of George Scott, the merchant Taylor who formerly resided in Newark, is dangerously ill with typhoid fever at her home in Columbus, and fears are entertained that she will not recover. Mrs. Scott is a sister of Mrs. Bridget A. Prior Mrs. Mary Joy and Mrs. Dennis Carney of South Sixth street.

Judge at a Contest

Hon. Edward Kibler will go to Columbus this evening to act as a judge in the oratorical contest between the University of West Virginia and Ohio State University. Mr. Kibler is one of the best known men in Ohio in this capacity, and is frequently invited to serve in important contests. For tonight, he had to decline an invitation to go to Oberlin as the Columbus engagement interfered.

Diphtheria relieved in twenty minutes. Almost miraculous. Dr. Thomas' Electric Oil. At any drug store.

Attend the grand opening of the Tremont Hotel, 117 Union street, Friday night. 2542t

THE SICK.

Edward Bullock, the day clerk at the Hotel Seiler, is ill at his home on South Second street.

John Gordon and his daughter, Florence, are quite sick at their home on East Main street with the grip.

Levi Holler, who has been seriously sick at his home three miles north of the city, for some time, is now able to be out again.

Mr. William Vogelmeier, the South Fourth street grocer, is under the care of a physician. Mr. Vogelmeier is suffering with diabetes.

Miss Goldye McCann of 121 South Fifth street, is confined to her bed with a severe cold.

FIRST BATH

In Five Years Was Taken by the Anderson Man in Order to Escape a Jail Sentence.

Anderson, Ind., Feb. 26—Rather than go to jail and stand trial on the charge of having been implicated in the stealing of brass sold to junk dealers, James Surber, about 50 years old, took his first bath in five years. He was in a filthy condition, his skin black with dirt. His hair was shaggy and his clothing was covered with filth. He was told that if he would promise never to commit an offense that would cause his arrest and would take a bath and keep clean he would be released.

Surber returned to headquarters looking like a new man. He was neat and trim as a Sunday school lad. His beard of many years had been shaved off; his hair was trimmed neatly. He wore a snow white shirt and a new suit of clothing.

"If I take cold and die, you fellows will be to blame," was the old man's parting remark as he left police headquarters.

Only One Killed.

Chicago, Feb. 26—A scaffold fell at the new postoffice building at 1 o'clock this afternoon. Thirteen men were reported killed but at 2 o'clock the contractors stated that a roll call of their employees showed that but one man was killed, James Byron, and one seriously injured.

Having got the promise of all the powers that the neutrality and administrative entity of China shall be preserved and that the war shall be localized, Secretary Hay is concentrating the United States navy as fast as he can in the far East, so that if the powers fly the track the war may not close without this country having a hand in it. Probably he thinks it would be shameful for a world power not to be in evidence in any first-class war.

According to recent dispatches from Tokio the new Japanese war loan of a hundred million yen has been subscribed nearly four times over. This speaks splendidly for the patriotism and determination of the Japanese, even though the amount raised is only fifty million dollars. Before the outbreak of the war with Spain our Congress turned over in a lump sum that much money to the President to meet the bare preliminary costs of preparation, and it was wiped out in no time. Fifty million dollars will not go very far in war. Still, since it is stated that the Japanese loan was subscribed four times over it is evident that when the hundred million yen have been exhausted the people of the island kingdom will be ready to subscribe more. On the whole it seems easier for the Japs to raise cash than for the Russians.

Disquieting rumors concerning the health of the German emperor continue to find their way into print. They are now being taken up by some of the most conservative newspapers of Europe. The fact that the Kaiser's physicians appeared to have ceased denying these persistent rumors may be ominous. It will be remembered that when, six weeks or so ago, the emperor had an operation performed on his throat the attending surgeons and physicians gave out reassuring statements. It is now evident that these statements pertained solely to the immediate effect of the throat operation. They went no further than that. Nor were the scientists then very clear in their definition of the malady which afflicted the Kaiser. Now reports are coming from Europe that "an alarming turn may be looked for in the emperor's condition." Plainly the throat trouble was only a symptom of a deep-seated affliction.

A TRUE STORY.

"A Tale of the Cannibal Islands," told by Herbert Baird Stimson in the March St. Nicholas, is a true story and relates an experience of the writer's father, the late William Stimson, who at the time was a naturalist to the North Pacific Exploring Expedition, and who was later a member of the Academy of Natural Science.

SCHOOL BOARD

A Feature of the Abolishment of Spring Elections Which Has Not Yet Been Considered.

There is a feature of the abolishment of spring elections, as proposed by the Chapman bill, which has not yet been considered. It is with reference to the school board status and the marketability of school bonds, as affected by that status. Last spring, when the terms of half the members of the school board expired, it was decided, on the advice of state authorities, to hold over the election of school board members until this coming spring, it being expected that a new school code would be adopted this winter. This means that, while the city has changed from 8 wards to 4, the school board has been going on all this time with 9 ward members. It means further that the terms of all these members expire this spring. That in turn again means that this anomalous condition shall continue till another half year, if there is no

election this spring. In other words half the board will have their terms extended a year and a half, and the rest a half a year, and all this under a ward system abolished by the code a year and a half ago. At present the board is hung up in the air on two hooks, it is not known whether the board will go out this spring or next fall; nor is it known what elective system will be in force even if this spring's election is not done away with, as no school code has yet been adopted.

FILIPINOS LIVING IN TREES.

FREE IF IT FAILS

Frank D. Hall, Druggist, Offers the People of Newark Vinol, a Body-Building Strengthening and Healing Medicine.

We have a warranted cure for all thin, tired, debilitated, nervous people. It is Vinol, the most delicious and valuable preparation of cod liver oil ever discovered. Vinol tones up the digestive organs, cures all stomach troubles, makes rich red blood, creates strength, and builds up firm, healthy flesh.

Mr. Frank Graves, a lawyer of Winooski, Vt., writes: "Permit me to say a word endorsing the peerless merits of your cod liver oil preparation, Vinol. I was in very poor health when I bought my first bottle of Vinol, and I wish every sufferer could see what it has done for me. It brought back my appetite, put flesh on my bones, strengthened my nervous system and toned up my whole physical condition. Vinol simply did wonders for me."

As we have so often stated in these columns Vinol is the greatest strength-giver known to medicine, and we do not believe there is a person in this vicinity but what Vinol will benefit at this season of the year; it never fails to make the weak strong and the sick well.

Vinol is just as valuable for all hacking coughs, chronic colds, throat and bronchial troubles, and we return money if it fails. Frank D. Hall, Druggist.

HOME GUARDS

Celebrated the Fourth Anniversary of the Institution of the Order in his City.

The Home Guards of America celebrated the fourth anniversary of the institution of the order in Newark, as at that time Newark Home No. 34 was established with a charter membership of seventeen. Since that time the order has had a rapid and healthy growth until at present Newark Home has a membership of 154, officered as follows:

Counsellor—G. W. Brown.
Secretary—Mrs. Bertha Young.
Treasurer—J. A. McFarland.

The meeting Thursday evening was held in the A. O. U. W. hall on the south side, and was attended by about 250. The program was informal and opened with prayer by Rev. J. C. Schindler. A mandolin and guitar duet followed, rendered by the Flurschutz sisters, while a solo by Miss Coffman preceded the address of the evening delivered by Supreme Counsellor G. J. Eblen of Van Wert, Ohio, who spoke of the benefits derived from a membership in the order.

Patriotic views from a stereopticon, informal remarks by C. L. H. Long and others, closed the program, and then all sat down to a fine banquet.

A special C. B. L. & N. train brought 50 from Columbus and about a dozen came from Zanesville.

During the evening 18 applications for membership in Newark Home were received.

POPE PIUS

EXTENDS WELCOME TO AMERICAN PARTY.

Archbishop Farley and Former Mayor Low Cordially Received at the Vatican.

Rome, Feb. 26—The Pope received Archbishop Farley in private audience yesterday in a most kindly manner, the archbishop having met the pontiff

ver, sent at the time of the death of Pope Leo.

The pontiff congratulated Mr. Low, saying he knew that, although he was not a Catholic, he was a good Christian, and gave each of the visitors his hand to kiss.

The Pope afterwards addressed all present. Archbishop Farley translating his remarks.

The pontiff said he could not adequately express the gratification which he experienced at receiving Americans in the Vatican.

The Pope then gave the Americans his benediction and extended it to the

POPE PIUS X.

This is the latest likeness of Pope Pius X, who according to reports from Rome is considering the matter of resigning his high office. When he was made Pontiff it was believed by many persons that he would inaugurate radical new politics in Vatican affairs but in most respects he has proven highly conservative.

two years ago at Venice, and the Pope remembering with satisfaction the particulars of the meeting. Their conversation was carried on in Italian.

Archbishop Farley presented a letter from Cardinal Gibbons, thanking the Pope in the name of the trustees of the Catholic university at Washington for the letter, issued immediately after he was created Pope, endorsing the resolution of the trustees to have general collections in the United States for the benefit of the university, the first collections having totaled \$110,000.

The Pope was most pleased to hear of the progress made by the university expressed the greatest sympathy with the people of Baltimore and expressed admiration on the report that he had received that Baltimore would rebuild the destroyed district without outside help, and exclaimed: "It is the true American spirit. You do everything on a grand scale, even in the case of fires."

Archbishop Farley introduced Former Mayor Low and Mrs. Low, John D. Crummins and others from New York, and Mrs. Cudaby and Mrs. Madden of Milwaukee, Wis. The party was accompanied by Monsignor Kennedy, rector of the American college.

When the Pope heard Mr. Low's name he remembered him immediately and pointed to a table on which lay the engrossed resolutions bound in black morocco and mounted with silver.

JAPANESE COMPLETING THE FUSAN END OF THE FUSAN-SEOUL RAILWAY.

Japan has long owned a short railway line from Chemulpo, the port of Seoul, to the city of Seoul. Some time ago, seeing that war was inevitable, they began the construction of a railway from Seoul to Fusan, so that they would have land communication between ports on the two sides of the peninsula. The illustration shows the Japanese workers completing the last link on the Fusan end of this road, which, it is expected, will be ready for business in a very short time. Fusan and Mookan, on the Korean coast, will then be in quick land communication with Seoul and Chemulpo, on the west.

THE RAILWAYS

THE ROCK ISLAND MAY SECURE
J. E. MUHLFELD.

Former Newark Man Mentioned for Position Under President Loree.
Railway News

President L. F. Loree of the Rock Island system, is in need of a general superintendent of motive power. He has created three positions on the Rock Island since he assumed the duties of chief executive of that system, superintendent of mails, general superintendent of transportation and general superintendent of motive power. He has appointed Edw. F. Kearney, superintendent of the Terminal Railroad association, of St. Louis supervisor of mails, and C. E. McKim, superintendent of telegraph of the Pennsylvania lines, general superintendent of transportation and now there is a great deal of speculation as to who will be appointed to the position of general superintendent of motive power.

J. E. Muhlfeld, general superintendent of motive power of the B. & O., is mentioned for the position, and it is thought that he will receive the appointment.

Mr. Muhlfeld was formerly the superintendent of motive power of the B. & O. with headquarters in Newark, but about eight months ago was appointed to the position of general superintendent of motive power, which position he has filled ever since. He would be a good man for the Rock Island system.

T. & O. C. Engines.

The T. & O. C. has received one of the three passenger engines ordered from the Brooks Locomotive works. The other two will be received in a few days.

G. I. A. to E. of L. E.

There will be a special meeting of Criswell Division 41 on Saturday afternoon at 2 o'clock to which all members are urgently requested to come. Business of importance to be attended to.

Wm. McMullen Returns.

Wm. McMullen, one of the efficient operators at the B. & O. offices in this city, who has been in Butte, Mont., for the past fifteen days in the interest of the stockholders of the Sierra Pacific Smelting company, returned home this morning on B. & O. No. 4. Mr. McMullen reports everything pertaining to the company as being in fine shape with a great outlook for the future.

Settles Old Car Question.

Once a week Altoona, Pa., has a bonfire which outlasts anything of the kind that signifies the election of a new president. It is made by the burning of the cars belonging to the Pennsylvania railroad company that are deemed unfit for use. Many of the cars have been damaged beyond repair in wrecks. Others are the worn out, wobbling cars that have stood the test of years over the railroads of this country. As many as 100 cars have been burned at one time. Last night 45 were sacrificed on the burning altar. In this manner the Pennsylvania burns up thousands of dollars worth of timber, which is no longer strong enough to stand the strain of the road. The scrap iron by the ton is taken from the ashes and taken to the company's foundries where use is found for it. How many cars have thus passed out of existence is not known. It may be 50,000, perhaps 100,000, even more, at Altoona, perhaps.

Local Paragraphs.

Charles Rodman, a shop employee is confined to the house with stomach trouble.

L. J. Green has taken service with the B. & O. and has been assigned as extra brakeman on the Straitsville division.

F. L. Copper, travelling passenger agent of the B. & O. headquarters in this city, was in Columbus on Thursday.

Conductor F. W. Stacey, who has been confined to his home for a short time with sickness, is reported as being considerably improved at this writing.

Brakeman C. L. Wilson has been given leave of absence for a few days. Wm. Stein, an employee of the shops while engaged at work, injured one of his fingers, and will be unable to work for some days.

M. A. Clark, an employee of the B. & O. shops who had the misfortune to injure one of his feet some time ago, has recovered from his injury and returned to work.

Brakeman Granby, D. T. Shummet, Clark, Hutchinson and Strider who

have been off duty for a short time, have all been marked up for service. Fireman B. F. Shummet after a short absence on account of sickness, has recovered and returned to work.

Patrick Kennedy, a hostler at the L. & O. shops, one of his thumbs by falling yesterday.

Conductor White, after an absence of a few days, is again on his caboose.

John Devoll, a carpenter employed at the B. & O. shops is suffering with a heavy cold.

Michael Hayes, a shop employee, is unable to work on account of sickness. Edward Schrans, an employee of the B. & O., is suffering with an attack of grip, and is unable to work.

J. C. Haynes, a popular B. & O. fireman, who has been off duty for a few days on account of sickness, has recovered and has been marked up for service.

J. R. Penick of the shops, is on the sick list.

Colonel Wm. M. Shaw, district passenger agent of the Burlington route, with headquarters at 136 Vine street, Cincinnati, was in Newark on Thursday. Mr. Shaw was en route home from Washington, D. C., where he was in the interest of a public building for the Queen City.

B. & O. Conductor Benjamin Warthen is confined to his home with sickness.

James Kreager, lately a B. & O. fireman at this point, has accepted a similar position on the Erie.

The B. & O. had several cars of boiler machinery today from the Altman & Taylor works of Mansfield through Newark, en route to the World's Fair at St. Louis.

B. & O. Conductor Lon Merrill, who has been at Dallas, Texas and other points in the south for the past three months, has returned home, and made his first trip on Thursday.

George Coffman, a popular engineer on the Wabash out of Chicago, who has been visiting his brother, Clem Coffman, at his home on West Church street for some days, left for Cincinnati today.

SHAKESPEARE

An Exponent of Human Nature—Lecture by Prof. C. L. Williams, of Granville.

The second lecture in the course Professor C. L. Williams of Denison university is now giving under the auspices of Pan-Racial Institute, Chapter No. 1, was delivered Thursday night, in the First Presbyterian church, the subject being "Shakespeare as an Exponent or Interpreter of Human Nature."

Shakespeare, Williams said, was not high born. He came from the middle class. Nor had he a university training, but like Chaucer and Lowell, knew both books and men. His intuitive and profoundly practical knowledge of human nature enabled him to deal with the deeper problems of life and character with the clearest insight and with the exquisite skill of an expert craftsman he converted every shade of human experience, both of country and city folk, into literary value. His imagination was quick and vivid and he touched humanity at more points than any other man. Though never in Scotland, he strikes, in Macbeth, not a false note in his portrait of Scottish life and sentiment. The Italian heart he knew well, and reproduced with wonderful fidelity the impulses and moral forces in the life of the Dane. Danish thought and feeling he sounded to the bottom, and in Shylock reproduced one of the dominant traits of Jewish character, a trait, however, that is largely the product, it must in justice be observed, of the blind and shameful persecution to which the Jew has been exposed throughout the centuries.

Shakespeare always rendered vivid repulsive and vice attractive. He was a realist and a moralist in one. Much discussion has been had concerning the propriety of the moral element in fiction. Some demand art for art's sake, and never that may mean, but art for art's sake should be the aim and ultimate purpose. This purpose, however, should be felt rather than expressed. One reason why Shakespeare is so successful as a realist is to be found in the fact that his conception of life is essentially in no sense an idealist. He is an atheist as he is a humanist.

Music and drama are really advanced to the evening of the world.

"Jesus, the Universal Man" is the subject of the lecture in the course.

Free supper and good music at Jack Wally, 92 South Second street, Saturday evening.

TRIP ON FOOT

FROM HEBRON TO PHILADELPHIA
IN YEAR 1844.

Augustus Gill Tells of Experience in Taking "Bunch" of Cattle to Eastern Market.

People nowadays, with all modern facilities for travelling by water, steam and electricity, do not realize what it meant to travel a considerable distance fifty or sixty years ago, when a great deal of the travelling was done on foot.

An Advocate reporter realized this very forcibly a day or two ago when hearing an account of some youthful experiences of Mr. Augustus Gill, a well known citizen of this county, who is well preserved past the years of three score and ten.

Mr. Gill gave an interesting account of a trip he took with a drove of cattle sixty years ago, when he conducted them to the eastern market. Mr. Gill who was then a young man in his teens, and two other young men, started from Hebron on foot along the National Pike to take a drove of 211 cattle to the eastern market at Philadelphia. They started on election day, 1844, when James K. Polk was the Democratic candidate for President, and Henry Clay the Whig candidate.

The three young men boasted one horse among them, which Gill principally rode, going ahead to make arrangements at the different stock fields and taverns along the road for the night's entertainment for man and beast. They travelled as far as they could each day, driving the cattle along ahead of them, and did not stop for rest or dinner at noon. They travelled on Sundays as well as week days, and the only rest they took was at night. They watered the cattle as they went along at the various streams near the roadside, and at night the cattle were fed in stock fields and pastures which were maintained all along the road for that purpose, and the drovers of the cattle were entertained at drovers' taverns which were numerous and of an excellent quality.

One interruption they constantly encountered was the toll gates then in existence every ten miles of the way. A very interesting part of the journey was the trip through the mountains, in which wild beasts, bear, deer, etc., still roamed.

On arriving at the Ohio river the cattle were compelled to swim across, there being no bridge at that time.

The trip from Hebron to Philadelphia on foot with the cattle occupied forty-two days, or nearly one month and a half, somewhat longer than it would take to go by rail at the present day. The cattle were sold at Philadelphia and the trip back to Hebron was made by the stage coach, which was considered a great improvement over walking in those days.

A pleasing incident of the trip which Mr. Gill has not forgotten, was the fact that just as he left Hebron for Philadelphia he met the late Abram Flory, Esq., who was then a resident of Hebron. Mr. Flory who was then a strong Whig, bantered young Gill to bet horses on the result of the election. Gill took him up and bet his horse on Polk against Flory's on Clay. The result is well known history.

Attend the grand opening of the Tremont Hotel, 117 Union street, Friday night.

Repairs Needed.

A bad condition of things as the result of the recent high waters, exists at a point on the Newark and Ulster road, three miles north of the city, near the north line of Levi Heller's lands. The water has rushed in such torrents from the lands west of the railroad through a culvert that goes underneath the railroad and the county road, the latter of which is very narrow at that point, ending in a stone bank at the east side of road, that a lot of dirt high—has to wash out a lot of dirt and to cause quite a cave-in. A temporary fence has been placed around the dangerous point, which includes about one-half of the county road on the eastern side, and red lights are placed there for safety at night. Some repairs will have to be made to the culvert to prevent further damage being done, probably to the county road and even to the railroad.

Free supper and good music at Jack Wally, 92 South Second street, Saturday evening.

GUN CLUBHad an All Day Shoot Thursday in the
West End—The Best Scores.
Supper Followed.The Licking Gun Club had another
one of its all day shoots at the club
grounds, opposite Idlewild Park, on
Thursday. The shoot commenced at 9
o'clock in the morning and continued
all day. About forty marksmen took
part in the contest, including quite a
number from Hebron. The shooting
was for purses. Len Fisher of Hebron,
and S. C. Burrell and John Taylor of
Newark, made the highest scores.At the conclusion of the purse shoot-
ing a little shooting match was in-
dulged in to see who should pay for
the suppers for the referees, scorers,
and several others. The teams in this
contest consisted of Fred Burrell andJohn Taylor on one side, and John
Kieffer and Samuel Burrell on the
other. The contest was limited to 10
shots. The score stood as follows:
John Taylor 10, Fred Burrell 6; John
Kieffer 7, Samuel Burrell 6. An ele-
gant supper was served in Kuster's
best style, which was greatly enjoyed,
not only by the winners but by the
losers and their friends.**Peonage Charge.**Tallahassee, Fla., Feb. 26.—A. O.
Powell, superintendent of the Tuttle
Turpentine company, has been
brought into town in custody of a
deputy United States marshal charged
with peonage. The Tuttle company,
it is alleged, has been arresting ne-
groes in Leon county and carrying
them to Taylor county for violation
of contracts, and then paying the
court costs upon condition that the
negroes work for them.**CHAS. F. DICK**SOMETHING ABOUT THE SEN-
ATOR THAT IS TO BE.Entered Politics at Age of 28 When
He Was Elected Auditor of
Summit County.Akron, O., Feb. 26.—The rise of
Charles Dick, of Akron, from clerk,
country grain dealer county official,
militia enthusiast, political manager
and Representative in Congress to the
United States Senate from Ohio at the
age of 46 possesses enough of the fan-
ciful to form a cracking plot for a
comic opera success or the backbone
of an up-to-date historical novel.One's first impression of General
Dick's personal appearance is that he
is suddenly confronted by one of the
old-time statesmen. A wide forehead
from which the hair is brushed back
reminds one of the pictures of men of
the Clay and Webster type, and Dick
needs only the addition of an old-
fashioned stock and a coat with wide
peaked lapels to pose for a picture as
an old-time statesman.In a crowd he would be picked out
at once as a little different from any
of his fellows, and while he is always
quiet and unassuming there is some-
thing about him that would cause a
man to think twice before doing any-
thing calculated to arouse his anger.
There is something about his eyes
which, while they are not gray, can-
not be called blue, that seems to
pierce, and when he is talking to one
his glance seems to penetrate into the
very mind of the listener.General Dick entered politics at the
age of 28 when he was elected auditor
of Summit county. He studied law
while auditor and was admitted to the
bar. In 1881 he was married to Miss
Carrie M. Peterson, daughter of Dr.
J. H. Peterson, and to them seven
children have been born, five of whom
are living, the oldest being a boy of
16, the youngest a daughter of 7. Gen-
eral Dick who commands the Ohio
National Guard, was elected to Con-
gress after the death of Congressman
F. A. Northway, and has since repre-
sented the 19th district in the lower
branch of Congress.Colonel Joe Bonner of Toledo, who
collects the taxes from ambitious Can-
adian and other exporters in the
City of Frogs and Miasma, delights to
relate his own participation in the in-
famous Senator Dick into state
politics.William McKinley had been elected
governor of the state in 1891, after
having been defeated for re-election
to Congress by the lamented Lieuten-
ant Warwick. Bonner, who had been
active in the campaign management
preceding McKinley's election, aspired
to the position of chairman of the
Republican State Executive committee
when the governor should come up
for re-election in 1893, and had se-
cured a tentative promise of the honor
from McKinley."One day," says Bonner, relating
the story, "I was sitting in the Ad-
jutant General's office, when a tall, thin
individual with flowing black locks,
resplendent in the full dress uniform
of a Major of the Ohio National
Guard, marched with soldierly mien
into the room. He spotted the Ad-
jutant General with a quick glance of
his keen blue eyes, and after a for-
mal military salute approached that
official and made known his business,
which was in relation to the Eighth
Ohio, which subsequently became
known as the 'President's Own.'""It was such an unusual sight in an
office, foreign at that time to military
exactions, that the sight created un-
told amusement and suppressed titter-
ing among the clerks, who were re-
primanded by the Adjutant General
after Dick went out."An hour later I received a message
from Governor McKinley to call at
the Executive chamber at my earliest
convenience. When I reached the
Governor's office I was greeted by the
Governor in his easy, familiar way:
"Say Joe am I going to be re-
elected Governor?""Why, certainly," I retorted. "There
can be no doubt of that, Governor.""Very well, then," he said. "You
wanted to be my chairman, and I
guess I've promised you the job. Now,
if I'm sure of re-election there
wouldn't be much glory in heading
the committee this year. A young
fellow of the name of Dick, from
Akron, was in here a while ago and
wants the job, too. If you don't care
particularly I'd like to let him crack
his whip.""But he's an unknown quantity in
politics," I interposed.
"Not at all," said the Governor.He has been managing campaigns up
in Summit county for the Republicans
and he helped me out in some of my
Congressional fights. What do you
say, Joe? Shall I turn the reins over
to Dick?""Now, of course, there was only
one thing for me to do, so I acquiesced
as gracefully as possible. Dick man-
aged the second McKinley campaign
with admirable tact and shrewdness.
The reputation he made that year es-
tablished him firmly as a state factor,
and he has been leaping to the front
like a Rocky Mountain goat ever
since."**WEDDINGS.**The Johnstown Independent has the
following about the wedding of Carl
Evans and Miss Frederick:Very much surprised indeed were
the many Johnstown friends of Miss
Edna V. Frederick of this place and
Dr. Carl E. Evans of Newark to learn
that they had been united in marriage
at Newark, Sunday at 12 o'clock m. at
the Baptist parsonage, Rev. B. F. Patt
officiating. The independent along
with all others had been led to believe
that such an event would occur in the
spring, but the young couple evidently
desired to catch everybody off guard,
and they certainly did administer, a
complete surprise. Dr. Evans, the
groom, is one of Newark's very best
young men and although he but recent-
ly entered the ranks of medical prac-
titioners has already gained for him-
self a very extensive and successful
practice. Previous to entering the
medical profession he was connected
for many years with the Emerson
Clothing firm of Newark. His genial
manner and courteous treatment of
all have made him a host of friends,
not only in Newark, but throughout
the county. The bride is the highly ac-
complished daughter of R. C. Freder-
ick and wife and is one of Johnstown's
fairest and most charming young la-
dies. The young couple will make
their home for the present with the
groom's mother on Pearl street, New-
ark. The Independent desires to add
his congratulations and best wishes for
future happiness to those already re-
ceived from their large circle of
friend by the young people.Too late to cure a cold after con-
sumption has fastened its deadly grip
on the lungs. Take Dr. Wood's Nor-
way Pine Syrup while yet there is
time.**HALL OF FAME FOR WOMEN.**New York University Sets Apart
Building in Their Honor.New York university has set apart a
site for a hall of fame for women ad-
joining the present Hall of Fame, says
the New York Globe. The building
will consist of a museum on the ground
floor, with a main story above of twen-
ty-eight columns supporting a pedimented
roof. Places will be provided
for fifty tablets for American women
of native birth and ten for American
women of foreign birth. In 1905 ten
native and two foreign born American
women will be selected, and in each

native born American women and in each
decennial year beginning with 1910 one
foreign born woman will be added.
Until the building is completed table-
ts will be placed upon the walls of
the museum of the Hall of Fame. Vis-
itors at the St. Louis exposition will
be invited to nominate persons for the
Hall of Fame, names to be inscribed in
1905.**Navy Bill Passed.**Washington, Feb. 26.—The naval
bill passed the House. The last hours
of the debate were filled with a run-
ning fire of vigorous argument inter-
rupted by roll calls and votes. One by
one the amendments to curtail the
largest naval increase in this country
in modern times went down to defeat,
amid the thunder of applause from
the galleries, where patriotic senti-
ment seemed to prevail.The Republicans stood solidly be-
hind President Roosevelt's new navy
policy as led by Chairman Foss. Mr.
Burton of Cleveland, hitherto the on-
ly majority man in the opposition
ranks, found an ally in Representa-
tive Bishop of Michigan, and their
two votes were recorded with the pro-
testing minority.**Work.**"Why don't you go to work?"
"Mister," said Meandering Mike "fur
me to sit down and tink up all me
reasons fur not workin' would be so
much like work dat couldn't consist
ently do it."—Washington Star.**Willing.**Stern Father—Hem! So you want
to marry my daughter, do you?

Young man (nervously)—Y-es, sir.

Stern Father—Thanks. Have a ci-
gar.—Cincinnati Enquirer.**Asks for Alimony.**Lawyer S. L. James says that Mrs.
Rondo L. Trace does not seek a di-
vorce but asks for alimony alone.**A Plague of Prairie Chickens.**Prairie chickens are destroying the
corn and wheat crops in Geary and
Riley counties north of Fort Riley,
Kansas. The big prairie fire which
swept over the military reservation
drove thousands of prairie chickens to
the farms, says the Chicago Record-
Herald. For many years hunting has
not been allowed on the government
reservation, and the chickens have mul-
tiplied by the thousands. Sportsmen
are going there on every train for a
slaughter, consent having been given.
Farmers are advertising the advan-
tages there to hunters.

bill passed the House. The last hours
of the debate were filled with a run-
ning fire of vigorous argument inter-
rupted by roll calls and votes. One by
one the amendments to curtail the
largest naval increase in this country
in modern times went down to defeat,
amid the thunder of applause from
the galleries, where patriotic senti-
ment seemed to prevail.The Republicans stood solidly be-
hind President Roosevelt's new navy
policy as led by Chairman Foss. Mr.
Burton of Cleveland, hitherto the on-
ly majority man in the opposition
ranks, found an ally in Representa-
tive Bishop of Michigan, and their
two votes were recorded with the pro-
testing minority.**Work.**"Why don't you go to work?"
"Mister," said Meandering Mike "fur
me to sit down and tink up all me
reasons fur not workin' would be so
much like work dat couldn't consist
ently do it."—Washington Star.**Willing.**Stern Father—Hem! So you want
to marry my daughter, do you?

Young man (nervously)—Y-es, sir.

Stern Father—Thanks. Have a ci-
gar.—Cincinnati Enquirer.**Asks for Alimony.**Lawyer S. L. James says that Mrs.
Rondo L. Trace does not seek a di-
vorce but asks for alimony alone.**A Plague of Prairie Chickens.**Prairie chickens are destroying the
corn and wheat crops in Geary and
Riley counties north of Fort Riley,
Kansas. The big prairie fire which
swept over the military reservation
drove thousands of prairie chickens to
the farms, says the Chicago Record-
Herald. For many years hunting has
not been allowed on the government
reservation, and the chickens have mul-
tiplied by the thousands. Sportsmen
are going there on every train for a
slaughter, consent having been given.
Farmers are advertising the advan-
tages there to hunters.

Rexall "93" HAIR TONIC

In these days when youth is the moving factor—when man has made his mark at thirty-five and is dubbed a "has been" at forty; when business houses pension the man we used to call "middle aged" rather than allow his lagging influence to intrude upon the modern commercial rush—a bald head is a serious handicap.

In the social world it is equally bad for a man, while for a woman—it is fatal.

Few people can afford a bald head. Even those who can—those who are fixed socially, financially and matrimonially—have no wish to do so. But afford it or not, thousands of us are bald, either partially or wholly.

What caused baldness—whether an inherited tendency; whether through undue mental effort, sickness, dandruff or other scalp disease—makes no difference. What we want is HAIR.

Millions of dollars have been spent in vain efforts to grow hair on bald heads. Other millions have been spent in an effort to restore faded hair to its natural shade, and still others to banish dandruff. And still hair refused to grow; lost tints of brown, blonde and auburn failed to return; dandruff declined to disappear.

All this, however, is of the past. Failures have given place to success. A real hair restorative has at last been found.

REXALL 93 HAIR TONIC is a positive cure for all hair and scalp troubles. It is not sticky or gummy, will not thicken on hair, does not become rancid, has no disagreeable odor. It is clean, agreeable and pleasant to use.

THE CAUSE OF BALDNESS

The latest scientific discoveries prove that all hair and scalp troubles—baldness, falling hair, dandruff, itching scalp—are caused by microbes which feed on the fatty matter at the roots of the hair until, through starvation, the hair dies and falls out.

Gray and faded hair are due to the same cause. The microbes interrupt the action of the pigment glands. Then the hair loses its color.

Rexall 93 Hair Tonic kills the microbes, supplies food for the starving hair, cleanses the scalp and strengthens the follicles.

It restores hair to its original color by making it healthy and by stimulating the flow of natural coloring pigment. It is not a dye.

93 HAIR TONIC removes dandruff by removing the cause—the destructive microbes. It makes hair light, clean, manageable.

Remember that dandruff is proof positive that microbes are at work on the roots of your hair. Then is the time to buy a bottle of REXALL 93 HAIR TONIC and begin treatment. Don't wait until you are bald.

"My hair was getting very thin. Every morning I would comb out great handfuls of it. Nothing that I used stopped its falling out or helped it until, by the advice of a friend, I tried Rexall 93 Hair Tonic. From the very beginning the tonic was beneficial. Not only has it stopped my hair from falling, but it has produced an entirely new growth. My hair is now soft and glossy, where before it was harsh, brittle and dull. I shall recommend Rexall Hair Tonic to all my friends."—MILDRED SEELEY, 148 East 27th Street, New York City.

In buying REXALL 93 HAIR TONIC you take no chances whatever. If after a trial you are not more than satisfied, we will promptly and cheerfully refund your money.

Bottle is four times this size.

THE STORY OF "93"

When the formula for Rexall Hair Tonic was secured from the most eminent hair specialist in the land, we realized that we had something far out of the ordinary. We had heard of its wonderful work, but the Rexall plan is to test every remedy thoroughly before offering it to the public. In this case we determined that for a name we would give this remedy a number representing the test cases in which it proved successful.

We wrote to one hundred druggists in as many cities asking each to send us the name of one of his customers who had lost his hair or who suffered with dandruff or other scalp disease. Then we sent each of these one hundred people three bottles of

our new remedy with the request that he give it a trial and report the result.

Of the entire number, five did not answer at all. Two wrote adverse reports, saying our restorative had not made hair grow on their heads, though it later developed that these men had been bald for so many years that the follicles in their scalps had become closed. But the other ninety-three, as one man, spoke of our remedy in the most enthusiastic manner, pronouncing it the greatest discovery of the age and telling in detail of the splendid effects in each individual case.

This is where we got the name 93 Hair Tonic. Could any other name be so significant of merit? Any test have been more fair? Any results more encouraging?

Sold only at our store. Large Bottle, 50c. Mail orders filled.

FOR THE DAY OF CAKES.

Mainly Wisdom on the Management of a Soapstone Griddle.

The soapstone griddle is one of the easiest of griddles to manage and one no housekeeper should be without if she desires to surpass in the art of griddlecakes.

Many housekeepers have heard of the difficulties attendant upon a soapstone griddle and thus have been discouraged from buying one, but these difficulties are purely imaginary. Once you know how to manage your griddle you will never eat the greasy soaked, heavy things you once called cakes.

Now, the secret of the soapstone griddle is to have it hot, not what you may call hot, but really hot.

Put the griddle inside of your stove or range the night before, this precaution that you may not forget it in the rush of the morning meals, so that it will get the very first heat your fire gives out.

When you need your oven for baking put the griddle on top of the stove.

By the time you are ready to cook cakes you will have a griddle that will cook immediately and will be light and spongy.

Above all things do not grease your griddle. Therein lies its charm.

Soapstone being porous, the grease soaks in, and the mess you will make of the whole business will indeed be discouraging.

If your griddle has already become greasy soaked by some uninterested cook or through your own ignorance take a chisel and scrape off the upper surface.

The soapstone, being soft, will move easily; afterward wash thoroughly and you have restored your griddle to its pristine glory.

The price often holds one back from buying what one considers a luxury but the saving of fat which must be used on other griddles will in time pay for the soapstone one, and the deliciousness of the cakes will reward you time after time for any sacrifice made to obtain it.

One great care, however, must be taken—do not drop your griddle, as the disaster to soapstone is without remedy. It breaks easily because of its composition.—Dunbar Hopkins in *Talk*.

Of the Springtide.

Here is one among the fashionable hat models that have already vended

A TAKING CAVALIER HAT.

their way to the sunny south or are to grace the earliest days of the spring time.

It is carried out in champagne colored straw of a Cavalier or Rembrand shape, turning off the face. The crown is encircled with a black ostrich plume which is threaded through the brim and rests on the hair at the back.

Lamp Lore.

Nothing is more unpleasant than lamp which smokes or smells oil, and many people object to use lamps because of the trouble they entail and the difficulty of getting servants to properly attend to them. But the trouble is really very little if they are attended to every morning. The very best oil should be used; poor oil will always smell disagreeable and burn with a dim and yellow light instead of a clear white light. The lamp should be filled every morning to within an inch of the top; the wick trimmed and the burner outside of the lamp wiped carefully, with a soft cloth kept for that purpose and the shade and chimney cleaned the wick cut perfectly straight and the corners rounded. The chimney can be cleaned by breathing into it and rubbing with soft paper and polishing with a clean cloth; if very dirty apply a little alcohol. New wicks should be soaked for an hour or so in vinegar and thoroughly dried before they are put in the burner. When first lit the wick should be turned low for a few seconds and then turned up to the required height. About once a month the burner should be taken to pieces and washed in hot soap and water and the reservoir emptied and cleaned.

Household Brevities.

Milk is an excellent substitute for soap in washing dishes. It softens the water and at the same time prevents your hands from chapping. A small quantity will answer.

Too few people know how nutritious macaroni is and what a number of nice dishes can be made from it. It should always be washed in cold water before using.

One woman adds chopped prunes to her Johnnycakes, or sweetened corn bread, and the children think it a good cake.

Smear the glass stopper of a bottle with vaseline, and no matter how long it stands uncapped it will not stick.

No one can sleep well with cold feet. A heated soapstone in the foot of the bed is one of the best things to warm them.

There is no better place for old clothes rags than the fire.

Try WHITE SWAN flour. Made by R. C. Bigbee's new up-to-date Sifter System mill. New phone 228. 10-15-04

GOLD WATCH

Presented to Retiring Superintendent Paulson by Employes of the Jewett Car Works.

The employees of the Jewett Car Works on Thursday afternoon presented the retiring superintendent

Mr. Neil Paulson, who recently resigned to go to Cincinnati, with a handsome gold watch and chain. Mr. Charles Krebs, assistant superintendent, making a fitting presentation speech in behalf of the donors, to which Mr. Paulson feelingly responded.

Read the Advocate Want Column.

Papa Just Saved Himself.

Mr. Flattington to his evening caller—Sorry I haven't another cigar for you.

Small Son—There's plenty more in the bookcase over yapa.

Mr. Flattington—Those are the ones your mother gave me.—Cleveland Leader.

Attend the grand opening of the Tremont Hotel, 1 Union street, Friday night. 25d21

THE CLIMAX IN MUSIC

Will be reached when the world's greatest bands assemble at the St. Louis World's Fair. Opens April 29. Reach! via Pennsylvania Lines. Look at the Map.

THE EIGHT

Returns of the Sharkey-Monroe fight will be received at Schaller Bros., "The Old Homestead," Saturday night. 25d4

Dr. C. C. Sheldon, one of the leading physicians of Wisconsin, asserts that appendicitis is contagious, and the only rational explanation is that it is the result of a germ that can be transferred.

According to a correspondent of the Jewish Chronicle 224,000 Jews were converted to Christianity in the nineteenth century. The large majority became Roman Catholics.

NEWS OF THE STATE AND NEIGHBORHOOD

PRISONER

At Mansfield Reformatory Hid in a Box and Nearly Succeeded in Making His Escape.

Mansfield, O., Feb. 26.—William Johnson, Lucas county prisoner at the reformatory, attempted to escape late Wednesday afternoon by crawling into a large packing box in the brush factory, but was discovered after the car in which the box had been placed had been run into the Erie yard. He was returned to the institution.

TRADING STAMPS COSTLY.

Hamilton, O., Feb. 26.—Hamilton real estate merchants, at a mass meeting decided to abolish trading stamps and all prize schemes. They say that the grocers alone lost \$40,000 of legitimate profits on trading stamps during the past year. One dry goods merchant says they cost him \$9000.

OHIO APPOINTMENTS.

Washington, Feb. 26.—The following rural letter carriers were appointed in Ohio:

Cheshire, Harry C. Hoffman, carrier; Edward Swisher, sub; Dexter City, C. F. Fairhurst, James Noffsinger, Harry Stringer, J. O. Paten, sub; Geneva, B. J. Bower, carrier; Ellen Bower sub.; Rudolph, William O. Burch, carrier; Sarah E. Burch, sub.

Fourth class postmasters appointed as follows:

Friendship, Scioto county, Armour W. Platt.

AT GRANVILLE

A NEWARK MINISTER PREACHES ON SUNDAY.

Brilliant Pianist Secured for Concert to be Given March 15—College Town Pickups.

Granville, O., Feb. 26.—Services will be held at St. Luke's Episcopal church on Sunday afternoon at 3 o'clock, when the Rev. G. W. Van Fossen, rector of Trinity Episcopal church of Newark, will preach a sermon on Lent. Music will be furnished by the Trinity choir.

Miss Augusta Cottlow, the brilliant young pianist, has been secured for a concert in Recital Hall on March 15. The change of date from that previously announced is rendered necessary by another engagement made before word reached her from here. The Misses Blinn and Ransom are actively preparing for the concert.

Mrs. Paul Jones of Columbus, nee Miss Thorne, has returned from a sojourn in New Orleans, and is the guest of her mother, Mrs. Mary Thorne.

The girls of the Junior class of Denison will entertain the boys of the class with a juvenile party at the home of Miss Helen Case this evening.

The Calliopean Literary society will give a term extra in Recital Hall, Wednesday evening, March 2.

Mr. Harwood Tuerch, a student of the university, who has been quite ill with inflammatory rheumatism for some time, is now rapidly recovering.

O. C. Montgomery, a student of this year's graduating class of Denison, is suffering with a severe attack of grip.

The lecture delivered in the Baptist church on Thursday evening by Mr. Evans, a missionary to China, was very interesting and well attended.

M. P. Ashbrook and son Bert, are home for a few days.

Charles Thornton, traveling agent for a large lumber company, is at home here for a short time.

The social given by the Daughters of Rebekah here on Wednesday evening was one of the most enjoyable social affairs ever held in the village. There was a large attendance of the members and a number of visiting Rebekahs were also present, among them being Mrs. Baldwin of Newark.

At the meeting of Altamaha Lodge, Knights of Pythias, held this week, degree work was conferred on Mr. Roe.

A Dundee lad, aged 18, has been driven crazy by the cake walk, and spends all his time in the asylum whistling "ragtime" music and practicing the dance.

MISTAKE

OF BLIND HUSBAND CAUSES HIS WIFE'S DEATH.

The Sightless Man Could Not Tell the Difference Between Two Similar Bottles

Wooster, O., Feb. 26.—The terrible mistake of her blind husband in giving her a bottle of carbolic acid in mistake for sweet cider, cost the life of Mrs. Jacob Lutz, aged 85 years, of Smithville, Wednesday.

The cider was kept in a bottle like that in which a solution of carbolic acid was kept and the aged and sightless husband in response to his wife's request for adrink, poured out a glassful of the deadly poison which the invalid drained to the dregs.

She died before the mistake was discovered or a physician could be summoned.

VAN VOORHIS

Will Not Again be a Candidate for Congress—An Open Field in the Zanesville District

Zanesville, O., Feb. 26.—Congressman H. C. Van Voorhis who is spending a few days in the city, announces positively that he will not be a candidate for re-election to Congress.

"At the convention two years ago I said I would not again be a candidate for the office, and I have no reason to change my views since then," said the congressman.

With Van Voorhis out of the race the control of the Muskingum county delegation will be held by George K. Browning, a candidate for the nomination. Browning has managed Van Voorhis' two last campaigns.

The congressional committee will meet within a few days and fix the date and place for the convention.

Then one of the bitterest congressional fights this district has ever known will commence in earnest.

B. G. Dawes, formerly of Newark now of Marietta, is a formidable candidate.

HANNA ESTATE

IS WORTH MORE THAN REPORTED WHEN WILL WAS FILED.

Inventory Made by Order of the Late Senator's Family Shows a Valuation of \$7,000,000.

Cleveland, O., Feb. 26.—The family of the late Senator Hanna have had an inventory of the estate made. It shows a valuation of \$7,000,000. Information that the estate was valued at only \$3,000,000 was given to Judge White in an unofficial way by Attorney Andrew Squire and Dan R. Hanna when the will was filed.

Most executor's affidavits and appraiser's statements are apt to be incorrect. Those who make absolutely correct reports are few. It is seldom that an estate, even if worth \$5,000,000 to \$20,000,000, is reported at more than \$1,000,000. The Hanna statement is one of the highest ever reported.

Hanna had many business interests. His holdings in the Cleveland Electric railway were considered worth about \$2,000,000. He was interested in the American Shipbuilding company, the Pittsburgh Coal company, the coal and iron firm of M. A. Hanna & Company, and the Cleveland and Pittsburgh railroad. Not long ago he sold out his vessel interests to the Pittsburgh Steamship Company, a branch of the Steel combine.

In the Union National bank Hanna held 1,000 shares of stock, now quoted at 165; in the Bank of Commerce, 200 shares at 201; in the Federal Trust company, 45 shares at 30, and in the Guardian Trust company, 270 shares at 212. He had interests in other corporations also. A man's tax valuation does not always show how much he is worth. Stock in Ohio corporations is not taxable against its owner. Hence Hanna was not compelled to list stock of that kind for taxation. At the last assessment he reported his taxable property to be worth \$71,470. This included the late avenue homestead, valued at \$45,120.

COSTLY FIRE

Nearly Wiped Out the Business Portion of Conneaut Harbor—Loss is \$100,000.

Conneaut, O., Feb. 26.—Fire Thursday practically wiped out the business portion of Conneaut Harbor. Among the buildings burned were the Mutual block and the Marine bank building, with their contents, including the Marine bank, the postoffice and several stores. Loss estimated at \$100,000, partially covered by insurance.

WILL INVESTIGATE DEATH

Canton, O., Feb. 26.—Miss Annie Quinn, aged 27, died at the Stark county infirmary, Wednesday night. Frank Creighton, a young man, is under arrest for complicity in causing her death. The attending physicians of Miss Quinn say she died of a criminal operation.

Miss Quinn came here from Auburn, N. Y., about seven months ago.

KILLED BY NEIGHBOR.

Staubenville, Feb. 26.—Wm. Brown of Amsterdam, this county, was fatally injured by J. J. McGregor, Brown, while under the influence of liquor, drove his wife and family from the house and they took refuge in the home of McGregor, a neighbor. Brown followed, vowing he would kill them. McGregor warned him off and fired through the window, as Brown was attempting to kick in the door. The bullet entered Brown's left lung.

HEBRON

MRS. ELISHA KIRK BADLY HURT BY A FALL.

Grip Epidemic—Pastor Re-elected—Ernest Clark Back Home—Smallpox Case—Personals.

Hebron, O., Feb. 26.—An epidemic of grip has struck our little village with full force and quite a number are suffering from it. The doctors are very busy now.

Mrs. Elisha Kirk met with quite a serious accident Saturday from which she is still suffering much pain. She slipped and in falling forward, struck her neck on a washing machine, rendering her unconscious for a time. The injury to her throat is quite serious as it has affected her voice.

At a business meeting held at the Church of Christ Wednesday evening the Rev. H. H. Elwinger was unanimously chosen as minister for the ensuing year, preaching one-half the time with the Yark Street church. During Brother Elwinger's two years' ministry here he has done good work and made many friends who are glad to learn that he has accepted the call and will be with them for another year.

Harry Clark of the Arlington Hotel returned from Chicago Monday evening, accompanied by his little son Ernest, who has been taking treatment at the Pasteur Institute for the past three weeks and is now permanently cured.

Conductor Hahn of the interurban road has been all smiles for the past few days, and his many friends here are congratulating him. He says they are "twins."

Miss Ella McFarland of Johnstown was baptized Tuesday noon by the Rev. T. N. Madden. On next Sunday she will be welcomed.

Mrs. Jones, the housekeeper for Mr. Nathan House, is the victim of smallpox. A quarantine has been placed on the house.

Mrs. F. R. Lee has been suffering with a very sore arm, resulting from vaccination.

Mr. and Mrs. T. M. White celebrated Washington's birthday in a very delightful manner at their home on West Main street, Monday evening. There were twenty-five guests present. Progressive finish was the main feature of the evening. At 10 o'clock a delicious three course lunch was served. The prizes were awarded to Mrs. Marshall Embrey and Prof. H. A. House.

Mrs. Osborn, Mrs. Grey and Mrs. Curzon of Jackson town, and Mrs. J.

O. Davis of Hebron, boarded the 10:30 car for Newark Tuesday to attend the funeral of their friend, Mrs. L. H. Lemert.

Chas. Bounds and wife attended the funeral of the latter's sister-in-law, Mrs. Thomas Meredith at Newark on Wednesday.

Conductors Leikron, Clunis and Schoonover have been discharged from the interurban road.

C. A. Pence has just received the head of the moose he killed while on a hunting trip last October, in New Brunswick. The head, which weighs 200 pounds, is beautifully mounted, and is a fine specimen of the lord of the forest. Mr. Pence has it hung in his dining room where it makes a unique decoration for the room.

Mrs. Wm. Koch is spending a few days with her sister, Mrs. Boyies of Granville. The Rev. H. H. Elwinger will have for his subject next Sunday at 10:30 a. m. service, "Does It Pay to Give to Missions?" Evening service at 7:30, subject, "A Crown." Everybody welcome.

Mr. and Mrs. George Myers of Kirtlandville, spent Wednesday with friends here.

Contractors Stiff and Avery have been awarded the contract for putting in the pews at the new Methodist church.

GAS FIELD NOTES

(Utica Herald.)

The Fuel Supply has staked a well on the J. B. Sellers farm in Morgan township.

Kinseys are down about 1300 feet in the Hatch well they are drilling for E. H. Everett.

The territory northeast of Utica shows up equal to that in any other direction. The Chris Cox well in Morgan township is said to be good for five millions.

Hageron has started the drill for the Central Ohio on the Baxter farm in the Brandon neighborhood.

The Fuel Supply company located a well Tuesday on the farm of W. W. Fogarty.

The Ohio Union company drilled in a well on the Tisserand farm in the northeast part of Knox county, Monday. It is reported to be showing oil in paying quantities, but precautions seem to be taken to keep the conditions from the public knowledge.

The well on the Theo Campbell lease, which the drillers have been fighting with ever since last September, has been abandoned and the hole plugged. Beneath the plug is a good string of tools which all the skill in the field was not able to recover. The derrick is being moved six or eight hundred feet westward, where it is hoped good luck will be met.

OHIO MAN KILLED IN IDAHO.

Sandusky, O., Feb. 26.—A brief telegram was received here Thursday stating that Captain Avery Henderson well known in military circles and former chairman of the Republican executive committee of Ohio, a resident of Sandusky, was killed by a snowslide at Roosevelt, Idaho, Wednesday. No details have been received by his friends.

FOUND IN SCHOOL YARD.

Coshocton, O., Feb. 26.—Michael King, a journeyman plumber, was found frozen to death in the yard of Sycamore school. Letters indicate that he lived either in Youngstown, O., or at 198 Elm street, Pittsburg, Pa.

March Suggestion.

Prof. Elmer Gates has a letter in the March Suggestion regarding certain wonderful stories concerning the soul of a rat, that have been published in the daily press. The professor denies ever making any statements to the effect that a soul of an animal had been seen, or that its shadow had been thrown on a screen. Suggestion is a magazine of the New Psychology for health, happiness and success, 4029 Draxel Boulevard, Chicago, and is interesting to those studying psychology, occult phenomena, suggestion in the treatment of disease, etc.

All interested in drugless methods of healing, rational hygiene, physical research and advanced thought will find much of interest in this issue, which contains a variety of articles on the subjects mentioned.

For a dowry Herr Duckatsock of Unseldorf, gave his daughter a present of her weight in silver. At her wedding she was solemnly weighed in presence of the company. She was found to turn the scales at 110 pounds and to be worth \$2,800.

BUCKEYE LAKE

ARTIFICIAL LAKE BEING MADE BY MANAGER HARRIS.

A Leap Year Party at Hebron—School Debate—A Few Buckeye Lake Paragraphs.

Buckeye Lake, Feb. 26.—The lake which is being built by the C. B. L. & N. Traction company is rapidly nearing completion and the management is not sparing in expense in its efforts to make it attractive. They have used quite a number of brick and yet they are no use more. This lake will be used as a place for fish and as an attraction to the Park. It is several times larger than the lakes at Idlewild Park and is several acres in extent. The underbrush which surrounded the new lake has been cleared away and now it presents a neat appearance. The large trees are still standing as they are the kind that in the spring have such a beautiful perfume. Quite a number are standing and when in bloom it is well worth a visit as it equals the perfume of the primitive forest.

John Rosebraugh and Henderson Jones attended the shoot at Millersport Thursday. Both made fine scores but John is to be commended as this is his first season and he averaged 23 birds out of a possible 25. Mr. Jones is an older shot and it is evident that he is a good shot as he averaged 23 continually. Lon Fisher, our crack shot, was there and he carried away most of the prize money.

Wednesday evening was a merry time for our fair ladies at this place, who entertained their "will-be's" at a leap year party at the I. O. O. F. hall in Hebron. The members of the stern; sex admitted that they were shown a good time, and that the fair sex were their equals at any social event.

Miss Anna Witmer of Thornville, spent a few days of last week with J. C. Neel and family at Maple Hill. Thomas Woolard spent a few days of last week with friends and relatives near Granville.

J. H. Myer called on his friends in Hebron Monday. Rees C. Van Horn, one of our young men who attends school at Jackson town, was slated for a debate at that place Monday night. His side sadly defeated their opponents.

Joseph W. Swick of Purity, formerly one of our neighbors, was the guest of his friends of this place Wednesday.

Every trace of life has now left "Bovary Solitaire," and nothing can be heard except the whistle of the wind around cornices and trestle work on which rest the numbers of evasive vines. It is claimed that at certain times in the week it is haunted, but that the ghost is a pleasant specimen, yet it frightens one at first. On meeting it by some they say it says: "Be not afraid of harm." It is further claimed that the ghost will vanish with the cold weather, yet we cannot tell as to that, as ghosts are peculiar. But from the interviews with the spirit it is said that it would leave with the winter, never to return again.

John Smith, an old and well known resident of this place is now here calling on old acquaintances. He is visiting his nephew, A. L. Smith. Last Saturday intelligence of the marriage of Joseph W. Tharpe of Fataskala to Miss Faye Fickle who used to reside here was received here. They were married last Thursday by the Rev. McMullen of Harrison chapel. All join in wishing them a prosperous and happy journey through life.

Roy Roby attended the Washington birthday entertainment at Jackson town Monday evening.

William Hunt is very sick at present from a relapse of the measles.

FARMERS

Able to Get Latest Telegraphic Market Reports from Porterfield & Co. at Any Hour.

In these modern days no up to date, wideawake city can call itself complete unless it has direct communication with the entire world, and its markets. Newark, along with its other modern improvements and facilities, is in an enviable position in this respect.

The Chicago Banking and Commission house of Porterfield & Co., with its well known enterprise has during the past year, connected Newark di-

rect to their offices in Chicago, which gives the producer in this section an opportunity to keep in constant touch with the fluctuations of the prices of their products. The farmer, by visiting their offices in the Scott building, can immediately obtain the latest quotations on hogs, wheat, corn and oats while the banker and investors at large can obtain the latest quotations on government and other bonds, railways and trust securities, and all the world's news pertaining to the finances and markets of the entire world. Ten years ago the slow methods of the mails were deemed sufficient, but in this advanced age a city without instantaneous intercourse through a direct wire system, is looked upon as belonging to the past.

Messrs. Porterfield & Co. have for their Newark manager a very popular and obliging gentleman in the personage of Mr. W. J. Cashill, who will take pleasure in not only handling any business entrusted to him, but will gladly phone or mail any information desired.

The best physic. "Once tried and you will always use Chamberlain's Stomach and Liver Tablets," says William A. Girard, Pease, Vt. These Tablets are the most prompt, most pleasant and most reliable cathartic in use. For sale by all druggists.

TO THE PUBLIC

Card from Prof. Townsend Concerning Object of the Lecture to be Given Tomorrow Evening.

Tomorrow (Saturday) night is to be the lecture by Prof. Patty at Taylor Hall, on Radium, Wireless Telegraphy and Liquid Air. The profits are to be devoted entirely to our High School Library, which is in great financial need and has no other means of support except funds from entertainments. We pay about a hundred dollars for this lecture. About 50 good seats are yet unsold down stairs, and 200 in the balcony. We have sold sufficient tickets to pay for the lecture, but now we want some profit for the library after our fortnight's special work. These vacant seats represent this profit. There are many reading people we have not yet approached, who would realize the value of this most timely and fascinating lecture, with experiments, were their attention called to it. They would not miss it for anything. I hope they will read this card and come. Such a lecture as this will not occur here again, unless some scientific enthusiasts take the matter up and guarantee another hundred dollars and work up interest, and that they are not likely to do. So for some time anyway, this is the only chance to see Radium, Wireless Telegraphy and Liquid Air, the three greatest discoveries of the age. Reserved seats down stairs are 75 cents, but those remaining will be 50 cents after the doors open. Reserved seats in the balcony, 25 cents. Get seats at the Y. M. C. A. office now. Lecture begins at eight o'clock.

F. M. TOWNSEND.

AT ST. JOHN'S HOSPITAL

The good that is done by St. John's Hospital of Lowell, Mass., will ever be held in grateful memory by thousands of people. The Sisters of Charity who care for the sick and ailing at this institution say: "We cheerfully recommend Father John's Medicine as a good remedy for colds, bronchial troubles, etc., also a tonic for building up the system. The ingredients of which it is composed seem to be perfectly safe and well worth a trial by all suffering troubles specified above." (Signed), Sisters of Charity, St. John's Hospital, Lowell, Mass.

Father John's Medicine sold in Newark by J. W. Collins & Son.

Attend the grand opening of the Tremont Hotel, 117 Union street, Friday night.

Hardened Speculator. "He doesn't seem to mind his Wall street losses at all, does he?" "Oh, no; he's a hardened speculator—been married four times."—Detroit Free Press.

A report from Madrid states that at the village of Torgeno, in the Province of Segovia, four wolves came down from the mountains, and, getting into the school premises, killed and devoured five children, besides wounding several others very seriously. The villagers succeeded in killing only two of the wolves.

A GUARANTEED CURE FOR PILES. Itching, Blind, Bleeding or Protruding Piles. Your druggist will refund money if PAZO OINTMENT fails to cure you in 6 to 14 days. 50c. each.

NEWARK TELEPHONE CO. Chas. E. Hollander, Manager.

AMUSEMENTS.

PATTY LECTURE TOMORROW.

Newark will tomorrow night have a wireless telegraph station installed and in operation. Prof. W. B. Patty of Chicago, is to bring an elaborate outfit and set it up at Taylor hall, where radium and liquid air will also be exhibited and dozens of wonderful experiments be performed. Prof. Patty may not succeed in getting into communication with King Edward or President Roosevelt, or even "agitate the ether" to the distance of Granville but he will send wireless messages across the hall, he will ring bells, start and stop a motor, turn on or off electric lights, and perform many interesting and instructive feats, besides fully explaining this up to date subject which is attracting attention the world over, and already doing so much of practical work.

The wireless telegraphy demonstration is entirely free to all holders of reserved seat tickets for the radium and liquid air entertainment, and the combination of these two scientific marvels affords our citizens an opportunity that is not likely to be missed by anyone who desires to keep up with the times. The illustrated lecture is for the benefit of the school library.

NEXT MONDAY NIGHT.

Some idea of the magnitude of "The Earl of Pawtucket" production which is scheduled at the Auditorium for next Monday night, February 29, may be obtained from the immense scenic and furnishing details which require two sixty foot cars to transport it from one city to another. Such lavishness of investiture is by no means unusual with the large musical comedy or melodramatic ventures, but to travel with such elaborate effects is out of the ordinary for a comedy based upon the legitimately high class order, therefore "The Earl of Pawtucket" may be confidently looked forward to as a sort of innovation and one that is more likely to win quick recognition, aside from its charming qualities as a fun provider. Every item of the original stage embellishment utilized in the New York performances, which, by the way, exceeded in continuous numbers, any comedy run ever recorded in metropolitan stage history, will, it is promised, be in full evidence here. This will be of special interest to lovers of the character of humorous entertainment, which affords a welcome and refreshing relief from the conventional bluff-bang offering, the kind that depends upon caricature and burlesque methods for support.

What's the secret of happy, vigorous health? Simply keeping the bowels, the stomach, the liver and kidneys strong and active. Burdock Blood Bitters does it.

OHIO'S GREATEST FINANCIAL INSTITUTION.

The Union Central Life Insurance Co., of Cincinnati, O.

Thirty-seven years of experience. Thirty-eight and a half Million Dollars of assets—desires to secure reliable men as agents. Address Charles M. Hoover, District Manager, Room 8, Fleet Building, Newark, O. Post-office box 463. 1-15&f

No Encouragement.

Chubber—I see the physicians have announced that Bacon will recover.

Perkins—Yes, the lawyers informed them that the estate was not enough to go around.—Butte Inter-Mountain.

As a consequence of the famine times Stockholm legislators proposed a tax upon all persons weighing more than 125 pounds.

SIX PER CENT

Why be satisfied with only four per cent on your investment when you can draw SIX just as readily? We pay your TAXES and INSURANCE and send you the interest every six months.

The original \$20,000 issue of the preferred stock of the Newark Telephone company has already been sold and the company is now placing on sale the remaining \$20,000 issue of its present capital, in order to take care of the large increase in business this spring, which has already commenced.

This stock has been purchased by some of the most careful investors in this city, and the list of their names is a recommendation in itself.

The issue will soon be sold and if you are interested apply at once to Harry Swisher, president, C. H. Spencer, secretary, or Edward Kibler, treasurer.

NEWARK TELEPHONE CO. Chas. E. Hollander, Manager.
